Vegas Scramble

Bill Pepper Memorial Mixed Tournament

Sunday, June 7

- Enter by:** **NOON SUNDAY May 31st**
\$10 per person, sign up as a single. No refunds after the draw is done.
- How to Enter:** **Please print clearly.** Fill in a tournament envelope, with the Tournament name, your Name, Handicap, Payment, and Date entered. Place into the slot by the computer no later than noon, Sunday, May 31st.
- Teams:** 4-person mixed-gender teams, determined by the Tournament Committee. Teams will be put together with consideration of handicap-balance. Each team will be give a specially designed dice, with its six sides marked with **1, 2, 3, 4, X and ☺**
- How to Play:** This is a scramble guided by Lady Luck. Start the usual way: each player tees off. One player then tosses the dice to determine whose ball will be used:
Player **1, 2, 3 or 4**...or...
X means you use the very worst shot.
☺ (happy face) means you can use the very best shot.
All 4 players then hit from that location.
Par 3 holes – roll the dice only once.
Par 4 holes – roll the dice twice: after tee shot and again after 2nd shot.
Par 5 hole – roll the dice three times: after the tee shot, and after 2nd & 3rd shots.
Note: you roll the dice AFTER all players have hit their shot.
Take turns rolling the dice.
After you've rolled the dice the required number of times for that hole, the team decides which ball to use on subsequent shots.
Continue as a regular scramble until one ball is holed out. Record your score.
Lift, clean and place is in effect tee through green.
- Penalties:** NO penalty strokes are counted. So...if the selected ball is OB or in a hazard or in the bush, proceed to the point where the ball went out, drop a ball near the spot

where it went out, no closer to the hole, making allowance for stance & swing.

Scoring: Scorecards are provided. Players' names are numbered 1, 2, 3 and 4, which correspond to the numbers 1, 2, 3 and 4 on the dice.
If you roll a happy face ☺, you can choose the best of the four balls.
If you roll an X, you must use the worst of the four balls (be honest!)
Any team that has 3 or 5 players will receive a different kind of dice.

Handicaps: Handicaps are NOT used in this format. The dice is your handicap.

Ties: Will be determined by a game of **Black Jack**, held in the **Golfer's Lounge after the tournament**. Make sure at least one of your team members is there to play.
