Tournament Rules

Format: Stroke Play with Trophy for Individual Low Net, prizes for 3 Flights, and prize for Low Net Team

Team Play: 4 BALL BEST BALL:

Each player plays her own game, scoring a gross score and a net score according to handicap for each hole. (Example: A player with a 25 handicap will have 1 stroke for 18 holes and an additional stroke for the first 7 handicap holes.)

The team captain (first name on the draw, will determine the best gross score and the best net score of the four players for each hole.

To compete for the Individual Low Net Trophy, each player will be required to hole out. All other players who find they are no longer in contention for low net trophy, or a prize in their flight and cannot contribute to their team's low net score, are asked to pick up their ball so as to help speed up play. If near or on the green, you should score whatever score you might have made from that distance. (Re RCGA, you need play only 13 holes to enter an 18 hole score. Any holes not played shall be scored as the par of the hole plus any handicap strokes you are entitled to receive on the unplayed holes).

Players will exchange individual score cards. Team captains will record the best net score for each hole. **Scorecards for all players and each team must be turned in.**

RCGA Rules of Golf apply. If any player believes a rule infraction has occurred, advise the player and/or scorer and ask them not to sign the card until the Rules Committee can review the situation.

If in doubt about a rule, play a second ball, score both balls and check with Rules Committee before signing your card.

Overall Individual Low Net ties will be decided by an 18 hole playoff to be arranged in discussion with tournament chair.

Other flight ties and Team Low Net will be decided by matching scorecards (count back method) as recommended by Golf Canada.

K.P.'s on Hole #2 and #15

Maximum playing handicap: 36

Rules Committee: Mel Rutledge, Anne Wong
