

Cedar Hill Ladies
2018 Spring Opening
Tuesday, April 3, 2018

Notice to Competitors

Format: **9 Holes Two Ball Best Ball**

Winter Rules Apply:

6" improvement tee through green
Mark, lift, clean and place

In the case of unplayable ground (water &/or mud) take nearest point of relief.
If on a drainage line take the nearest point of relief.
If players agree that a ball has become embedded and lost then take free relief.

Each partner will play her own ball, then score the best gross score and the best net score for the two person team. Total your team's gross and net scores over the nine holes. Score cards will be prepared for you.

The number of strokes you will receive over nine holes is determined by **using only half of your handicap**. See following examples:

If your halved handicap is 12, you would get one stroke on all nine holes, and an extra stroke on the three hardest holes.

If your halved handicap is 18, you would get two strokes on all nine holes.

If your halved handicap is 7.5, then raise the number to the nearest whole number.
e.g. 7.5 would be 8.

In the event of a "no show", the single player will have the choice of playing one or two balls. The choice must be played from beginning to end.

As this is a partners competition we strongly recommend you make all efforts to attend. However if you find you cannot play please notify your partner, the pro shop & Ann Young 250-479-8522

Players will exchange, sign, attest and hand in score cards including those who withdraw during play.

In the event of a tie the winners will be determined by a scorecard count back. i.e. last 6 holes, the last 3 holes then the last hole.

Rules Committee – Diane Russell, Mel Rutledge, Ann Young.
